ABOUT PROGRAM

The 45-Day Industry Internship Program is a hands-on, offline training designed to bridge the gap between learning and real-world execution. Unlike traditional courses, this program focuses on practical development, real project exposure, and industry-level workflows.

Practical Over Theory

Real Project-Based Learning

Agency-style Workflow

Mentorship Driven

ABOUT COMPANY

Neighshop Global is a software development firm established in 2021, specializing in delivering customized and scalable solutions. Our expertise spans software development, mobile and web application development, website creation, and API integration. We are committed to providing high-quality, efficient, and reliable solutions while ensuring exceptional service and client satisfaction.
